NYOB (NGO)

+2 AGAINST DATA CARDS
Fighting against giants with GDPR.

1

CONSULTANCY COMPANY

In a single project, one consultancy it's OK, two it's too much and three it's just chaos.

2

REGULATORY BODIES

+4 AGAINST DATA CARDS
They are taking their time, but they are doing more and more to mitigate harm.

2

2

3

HUMAN RIGHTS

Ah, that thing we agreed on that we forget exists if there is no oil to be seized.

2

TECH DEBT

REMOVES ALL CARD EFFECTS
It's that critical code written 2 years ago, no one understands the dark magic behind it.

2

RICH WHITE STRAIGHT SEÑORO

He has enough money to buy judges, media and your startup! Maybe racist, misogynist and wants you to work 20 h/day.

3

3

4

5

WIKILEAKS

You know those files that show illegal practices? Yep, they are no longer secret.

3

CLOUD IS DOWN

That happens. Half of the internet does not work today and you are affected.

4

TECH GIANT

Their motto was don't be evil. They removed it. Now why would THAT be?

1

GDPR FINE

DISCARD 1 OF YOUR RIVAL'S PLAIED CARDS

Let's be honest, it's low. Just a small percentage of the damage done.

1-

TROLLEY DILEMMA

DISCARD 2 OF YOUR RIVAL'S PLAIED CARDS

Your AI solves it. Every human dies.

2-

MORE DATA

+1 WITH OTHER DATA CARDS

You just need more data to improve your AI's poor results. Or you can accept it does not work.

2

UNICORN

YOUR PLAIED CARDS CANNOT BE DISCARDED

Your new hire is a data scientist, data engineer, a tech influencer and now an analytics engineer too.

1

NEURAL NETWORK

+1 WITH PYTHON

Your brain in my chip since 1943. Now with more computing power.

2

CODED BIAS

RANDOMLY DISCARD 1 PLAIED CARD EACH

When your phone cannot detect your face, it's because more crimes are predicted in your neighbourhood.

2

3

1

PYTHON

The snake introducing you to this world while playing snake jazz.

3

PYTHON

The snake introducing you to this world while playing snake jazz.

3

CHATBOT

You trained it with internet forums and now it's racist and far-right.

1

2

PREDICT CRIMES

None detected in rich neighbourhoods and you don't see what's wrong with that.

2

2

SELECT EMPLOYEES

Since it's based on historical data, only white men will be accepted for high paying jobs.

2

3

FACIAL RECOGNITION

Your repressive government's favorite tool. Ah! It can be used to unlock phones as well.

3

3

MANIPULATE ELECTIONS

Who? We? What proof do you have?
- Cambridge Analytica

3

4

SENTIENT AI

It's for sure a marketing strategy. All media is onboard, but what does it mean to be sentient?

4

5

WRITE BLACK MIRROR EPISODES

A favorite of the content-creation industry. Will it be like Westworld?

5
