200 POORLY PAID OUTSIDERS

Intelligence yes, artificial no. Cost:
probably less than developing your AI
but you can suffer a leak if you don't
pay them well enough.

2

AI REGULATION

It can go anywhere... And it will please no one.

2

DOUBLE CEOs

Double trouble.

You trained it with internet forums and now it's racist and far-right.

1

IMPERSONATE DECEASED

Your grandma now recommends products from Amazonia.

1

SELLING SMOKE

Your purpose is to automate oil sales with AI generated everything: marketing strategies, images, descriptions, and so much more!

2

CROWDFUNDING

Don't depend on Big Capital, your sole purpose is the same as this game. Steal Branderson's record.

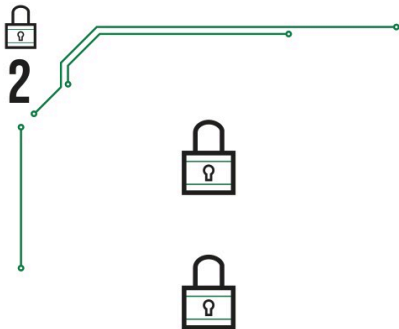

2

DISCRIMINATION

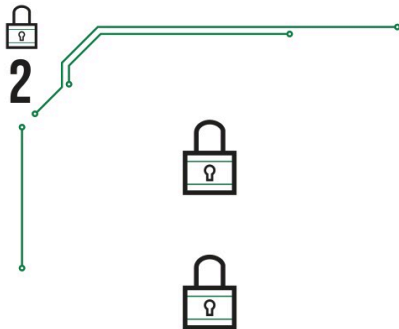

We may or may not intentionally train our AI to discriminate based on historical data. But we'll hide it regardless.

2

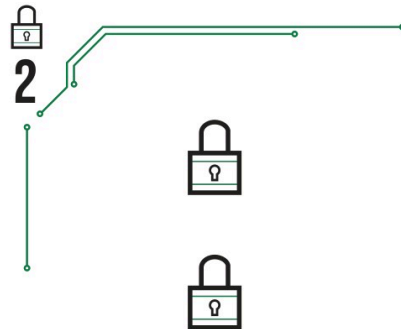

PREDICT CRIMES

None detected in rich neighbourhoods and you don't see what's wrong with that.

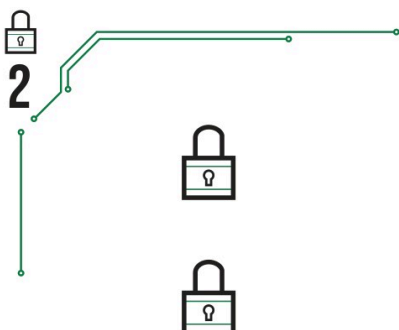

SELECT EMPLOYEES

Since it's based on historical data, only white men will be accepted for high paying jobs.

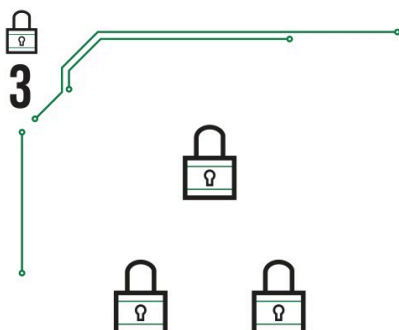

STOCK TRADING

Get rich making people poor. Now with AI avoiding the Black-Scholes catastrophe.
